DETAILED ACTION

The amendments filed on July 30, 2004 and September 27, 2004 have been entered.

Claims 5 and 13 are cancelled, and claims 1-4, 6-12 and 14-25 are pending.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 25 is rejected under 35 U.S.C. 102(b) as being anticipated by Grehier et al (4,612,982), Niggemann or Nguyen. The “wherein” and “whereby” clauses do not further limit the structure of the perforated plate. The claim merely recites a subcombination, namely a single plate not in combination with any other structure, i.e. other components of a heat exchanger or reactor.

Allowable Subject Matter

Claims 1-4, 6-12 and 14-24 are allowed.

Response to Arguments

The objection to claims 4-18 under 37 CFR 1.75(c) is withdrawn.

The rejection of claim 3 under 35 U.S.C. 112, second paragraph, is withdrawn.

The previous rejections in view of Schubart, McMahon et al and Nguyen are withdrawn.

Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.

No further comments are deemed necessary at this time.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
